## **Information**

The purpose of the Board of Health Manual is to outline the governance practices of the Board of Health. The Manual contains the information, policies and procedures that describe the key governance context and functions of the Board of Health.

The legal name is “Board of Health for the Sudbury and District Health Unit”. For the purpose of this manual, the operating names, “Board of Health” or “Public Health Sudbury & Districts” are used.

This manual functions in conjunction with the General Administrative Manual which outlines the management and operational practices of Public Health Sudbury & Districts.
